ELEGANT CUISINE LTD - ENVIRONMENTAL POLICY

Elegant Cuisine Ltd recognises the importance of environmental protection and is committed to operating our business responsibly and in compliance with all environmental regulations, legislation and approved codes of practice relating to the catering industry and Elegant Cuisine Ltd activities. It is our objective to operate with, and to maintain good relations with all regulatory bodies.

It is the policy of Elegant Cuisine Ltd to develop, operate and maintain its operations with due regard to the environment. This policy applies to all activities undertaken by Elegant Cuisine Ltd.

Elegant Cuisine Ltd has been awarded the internationally recognised ISO14001:2004 on the 15th December 2010 confirming that we operate our Environmental Management System to this standard.

We will continue to maintain and improve our vision through the following activities and objectives:

1. Assessment and regular review of our performance of the and the environmental impacts of Elegant Cuisine Ltd activities
2. Training of all our employees in environmental issues
3. Sustainable procurement of food and materials
4. Minimisation of waste at all stages of our operations
5. Minimisation of energy use
6. Promotion of the use of recyclable and renewable materials
7. Prevention of the production of pollutants to water, land and air
8. Reduction in our carbon footprint

This policy is communicated to all employees, suppliers and sub-contractors and is made available to the public.

Signed  Managing Director
